Important – Please Read Carefully

It is the responsibility of our insured patients to be aware of any restrictions or requirements stated in their insurance policy. These include second opinions, policy exclusions or waived benefits, pre-certification, inpatient vs. outpatient benefits and restrictions regarding pre-existing conditions.

Our office policy is to contact your insurance carrier for pre-surgical authorization. However, a pre-authorization or pre-certification issued by your insurance company simply means that they agree that your surgery is medically necessary though they can reverse this. **It does not guarantee** 1) payment of our charges if your insurance is an indemnity plan or 2) payment of your insurance company's allowable charges if your insurance is a managed care plan. Your insurance benefits and the payment we receive are determined by the limits that your insurance carrier sets. Again: **pre-certification does not guarantee payment.**

If you have any reason to believe that your insurance company will not cover your surgery because of a pre-existing clause, deductible, etc. please discuss this with us or your insurance company **prior** to your surgery.

I have read and understand your office policy.

Turkeltaub, M.D., P.C. to bill my primary insurance carrier first and collect any unpaid balance from the proceeds of any legal action resulting in a monetary settlement, regardless of any contracted provider agreement with my private insurance carrier.

COVID-19 INFORMED CONSENT AGREEMENT

I, the undersigned patient, consent to have Dr. Turkeltaub and/or his staff (hereinafter collectively “Dr. Turkeltaub”) perform medical procedures, whether regarded as necessary, elective or aesthetic, during the time of the COVID-19 pandemic and after. I understand having my procedure performed at this time, despite my own efforts and those of Dr. Turkeltaub, may increase the risk of my exposure to COVID-19. I am aware that exposure to COVID-19 can result in severe illness, intensive therapies, extended intubation and/or ventilator support, life-altering changes to my health, and even death. I am also aware of the possibility that the procedure itself, whether performed in Dr. Turkeltaub’s office or in a hospital/outpatient center, may result in a more severe case of COVID-19 than I might have had without the procedure.

I also understand having my procedure performed at this time increases the risk of my transmission of COVID-19 to Dr. Turkeltaub. This virus has a long incubation period, there may be as yet unknown aspects of its transmission, and I realize that I may be contagious, whether or not I have been tested or have symptoms. To reduce the possibility of COVID-19 exposure or transmission at Dr. Turkeltaub’s office, I accept that he will implement infection-control procedures with which I must comply, before, during and after my procedure, for my own protection as well as that of Dr. Turkeltaub. I understand my cooperation is mandatory, whether or not I personally feel such COVID-19 procedures and/or preventive measures to be necessary.

I have informed Dr. Turkeltaub of any COVID-19 testing I or any person living with me during the past 14 days has received, as well as the results of that testing, and if I am tested between now and the date of my procedure, I will immediately provide the results of that testing to him. I understand that he may require that I be tested, possibly at my own expense and regardless of any prior testing, and that the results of that testing must be satisfactory to him before I may have my procedure.

I confirm neither I nor any individual living with me has any of the COVID-19 symptoms listed by the Centers for Disease Control <https://www.cdc.gov/coronavirus/2019-ncov/downloads/COVID19-symptoms.pdf>, which website I have consulted; neither I nor any individual living with me during the past 14 days has experienced any such symptoms; and that I and all persons living with me for the past 14 days have practiced all personal hygiene, social distancing and other COVID-19 recommendations contained within all governmental orders issued by my city and state. I understand I must honestly disclose this information to avoid putting myself and others at risk.

All topics above have been discussed with me, and all my questions have been answered to my satisfaction. Being fully informed, I accept the risk of COVID-19 exposure and I will bear the cost of any COVID-19 treatments required. I have been given the opportunity to postpone my procedure until the COVID-19 pandemic is less prevalent, but I choose to have my procedure performed now. If I am the parent, guardian or conservator of the patient, I hold his/her health care power of attorney. I have read this COVID-19 Informed Consent Agreement and am authorized to consent on the patient's behalf.
